SEA FOOD

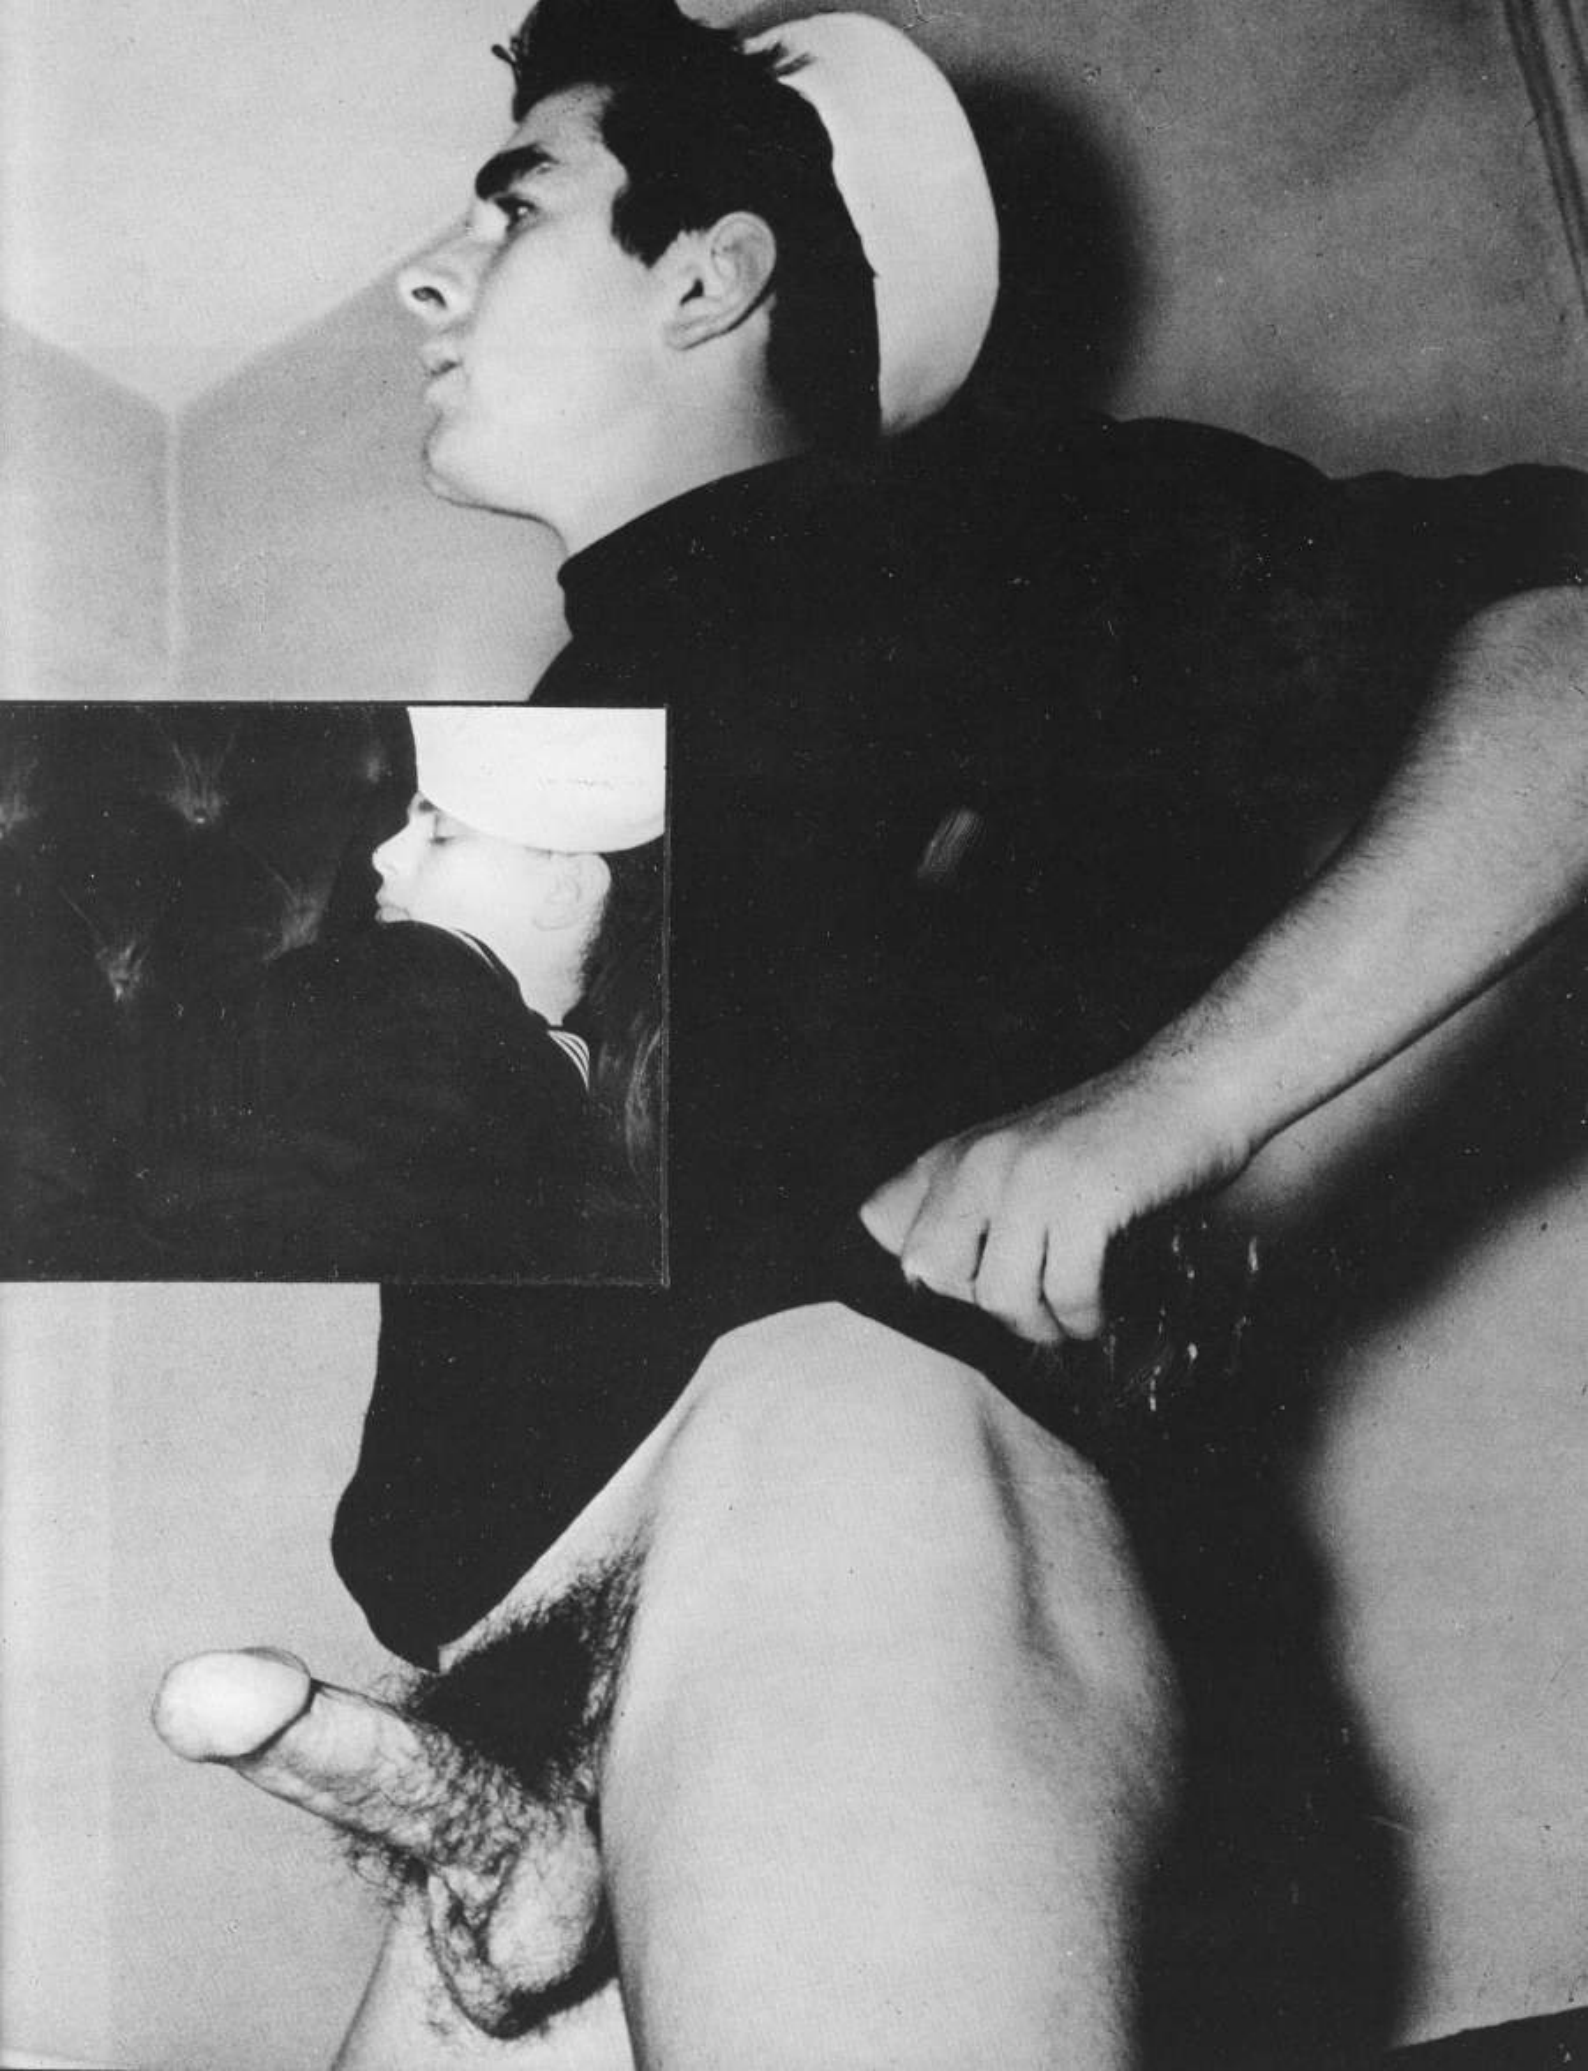
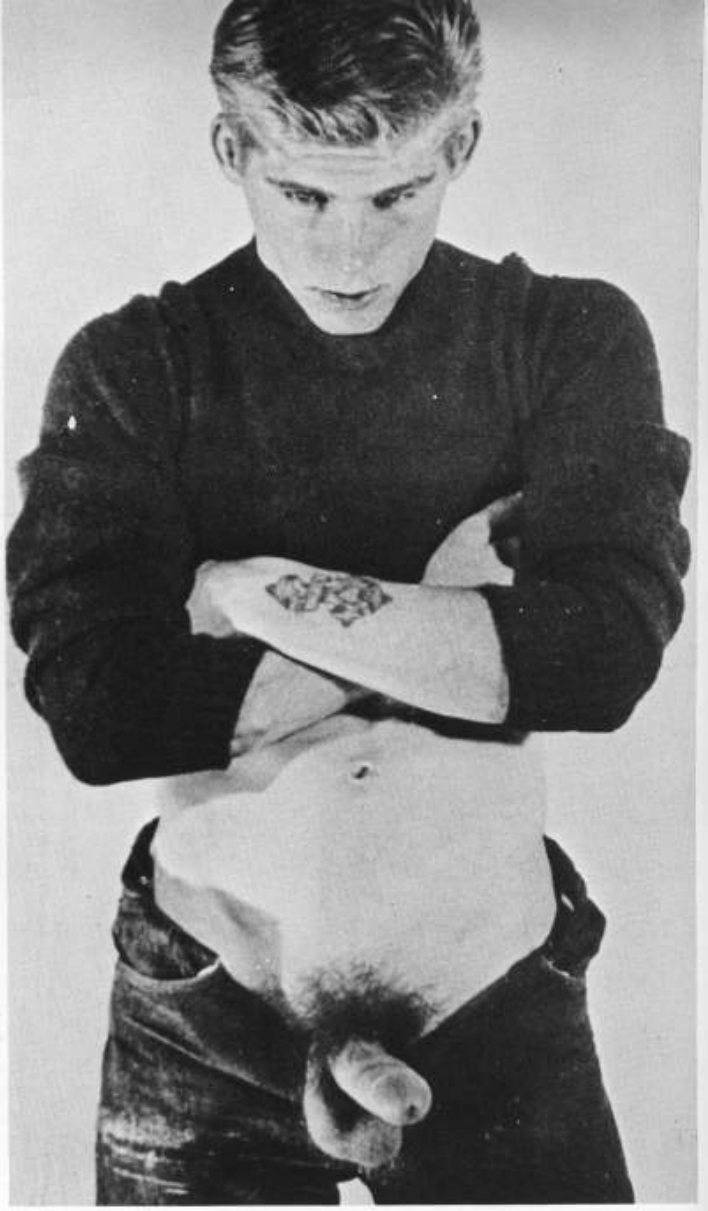
No one will deny the alluring mystique of men in uniform, whether it be service men, cop, or college athlete. But the legendary sailor, especially the young ensign, attracts more than his share of attention!

Countless tales come down to us landlubbers of these young men, alone and far from home—far from their wives and lovers. More than a few jokes set our imaginations ablaze as to what actually goes on during those lengthy voyages at sea where the nearest thing to feminine companionship is a few frayed pin-ups and memories of the last port.

The only outlet for these men, as the tales go, is with each other. Even





among men who are adamantly against such things, defenses seem to crumble after weeks at sea, and even their buddies' assholes start looking pretty good! How could it be otherwise when hundreds of men, all of them in their sexual prime and peak, are jammed together for weeks on end!

The Navy, of course, has established all sorts of rules and regulations to prevent such encounters. But to enforce these rules would take a twenty-four hour guard for each man on board! We are informed that some nations, such as England, relax these rules after a certain time limit at sea, but others seem reluctant and stubborn to face the issue.

Masturbation, of course, is the primary outlet. When the lights go out at night, sheets are thrown back and underwear drops as each man jacks himself off in the privacy of his own fantasy. But situations arise in the latrines and late-night showers that

"ANY PORT IN A STORM" IS NOT AN IDLE JOKE !

lend truth to the legends that filter back to us.

When a ship docks in port, cunts and assholes beware! The entire crew storms ashore in seach of anything to satisfy their dammed-up passions. Mothers clutch their daughters and hope that the hordes of prostitutes, both male and female, who flock to the docks will be enough to satisfy the crew's ravenous hunger!

While a sizable number of women have learned to support themselves by servicing these horny young studs, the sailors have learned a few tricks of their own. For instance, if the salary Uncle Sam dolls out to them doesn't quite stretch from payday to payday, they have learned that their stored-up jism can be sold to the local cock-suckers for a handsome sum!

Those tight uniforms they wear, that leave absolutely nothing to the imagination, is all the bait they need.

All they have to do is show a sizable chunk of meat poking down their thigh, and place themselves in the proper location. The result—a supplemented income, not subject to taxes!

Knowing that Americans, in particular, go for these "sea food" delicacies, a common sport for European youth is to dress like sailors and hustle themselves to American tourists. They lurk about the parks and public centers, showing off their wares to any prospective buyer. Since there is no way of detecting them, the fantasy is just as strong as though they actually were sailors, and everyone goes home happy.

The demand is not always for money, though. More often than not, these young horny sailors are out for a good time. If your technique is good

and the opportunity arises, chances are you can service these studs for no cost. And if you're good, perhaps they'll bring their buddies around!

TRIPLE PLEASURE

Bondage and S & M sex are regarded by some as a bizarre form of activity engaged in only by jaded perverts whose interests lie far beyond the simple pleasures of innocence. While their desires for giving and receiving pain may be somewhat extravagant, the pleasures derived are by no means diminished.

Some men find themselves incapable of enjoying sex unless they can dominate and force someone into extracting pleasure from their own bodies. Others find it more titilatting and desirable to have sex forced upon them, thereby relieving them of any guilt in the matter.

Whatever the psychology, they have discovered at least, what it is that makes them tick and aren't ashamed to admit it. This honesty with themselves and their partners frees them to enjoy themselves in whatever forms necessary.

The pain they administer and receive is very real, contrary to opinion. There is nothing comfortable about being strapped and chained to walls and bars, or having their orgasms beaten out of them with a whip or leather strap.

Allen J , for example, found himself in a situation that left him bruised and bleeding, and thoroughly shaken. He met a young man in a bar one night and went home with him, thinking they would probably just have sex and split. Upon arrival, he was introduced to a third person, a big muscular black stud, who immediately began forcing himself on both of them.

When Allen refused, he suddenly found himself bound and gagged! He was dragged downstairs into the basement where an elaborate playground of S & M equipment was set up around the room. He was bound to some pipes by his wrists and ankles, and a leather harness was strapped around his neck, chest, balls and cock.

His two tormentors then began to beat him into submission with a leather strap and a long, black whip. They lashed him repeatedly until he begged them to stop and consented to whatever demands they made. Before untying him, the Negro used the blunt handle of the whip across his cheeks and buttocks. Then, without using a lubricant, he shoved the thick rough handle up Allen's asshole and began fucking him with it until they both stiffened with tremendous erections!

Once forced into submission this way, Allen was then obliged to let them both fuck him in the ass and abuse him in a variety of perverse ways.

He later admitted, however, that he'd achieved a fulfillment never known before, and that an entire world of pleasure-pain had opened up to him.

"COME
AND
GET IT!"

ALL IN THE FAMILY

I used to come home from dates hornier than a jack rabbit! None of the chicks I dated would let me get further than copping a few feels inside their blouse, and I'd go home with my balls busting!

Usually I'd have to satisfy myself by jerking off at night after everyone was asleep. I had to share my room with my younger brother, and I didn't want him to hear me jacking myself off.

One night, however, he wasn't asleep. I came in pretty late, horny as usual, and thought he was asleep. I crawled into bed and took a magazine out from under the mattress and started beating the shit out of my meat. Just as I was about to cum, I looked over and saw him staring right at me! God, was I ever embarrassed! I yanked the sheet up and screamed at him.

"What the fuck are you doing!"

"'Just watchin'" he replied. "Don't worry, I won't tell no one."

"You bet your ass, you won't," I replied.

"How 'bout lettin' me jack you off," he said.

I couldn't believe my ears! My own little brother asking if he could jack me off! "What are you, some kind of queer?"

"I'd just like to play around with it," he replied.

I don't know what perverse thought came over me, but I figured it wouldn't be so bad having someone play around with my joint, even if it was my brother. I pulled the sheet back down and held my hard cock out to him.

"Come and get it," I said, teasing him with it by waving it back and forth.

Quick as a flash, he hopped over to my bed and jumped in. He grabbed my dick and started jacking that thing off like crazy! I just sort of laid back and let him have it. He seemed to know his stuff, and it sure felt better than my own hand!

"I've been wantin' to do this a long time," he said. "I wish mine was as big as yours!"

I looked down at the small, but substantial hard-on he held in his fist. He was jacking me off in one hand and himself in the other. He even pressed our cocks together and jerked them both at the same time.

Now, jacking me off was one thing, but when I felt his mouth clamp down on my meat, I almost shot my load right then and there. My fucking little brother, jacking me off and sucking my dick! And all those nights I'd had to satisfy myself with just my hand!

"Come on, man. Jack me off too," he pleaded. Since he was doing such a good job on me, I figured it wouldn't do any harm to jerk him off too.

As soon as I touched his stiff little prick, he climbed right on top of me, straddled my crotch, and lowered his asshole right down onto my cock. It slid up his ass without the slightest resistance, all the way to the hilt.

I started pumping on his meat while he fucked himself on my cock. It was really wild! Fucking my little brother's asshole and jacking him off!

He shot a big load all over my chest, and I pumped his tight little asshole full of cum! There's never been anything like it.

From then on, he serviced me every time I came home horny. All I'd have to do is show a hard-on, and he'd jump over and climb right on. I hate to admit my little brother's a cocksucker, but he sure does come in handy!
